

QA Analyst (m/f/d)

DESCRIPTION

The QA Analyst role is a new role that requires a unique blend of methodological approach, technical acumen, and the drive to test and validate everything. You will work closely with the tech and product teams to write test scenarios, execute them, and make our product stable and almost bug-free.

We are a young, well-funded FinTech startup in the heart of Berlin. We help SMEs grow by financing their purchases of goods and improving their financial stability in a smart, tech-driven way. You will be responsible for an entire test process, make a decision if we release or not, and work closely with our CPO and Head of Engineering.

REQUIREMENTS

Your responsibilities:

- Develop, update and execute manual tests of our 2 web products
- Perform acceptance testing of new feature and releases on preproduction environments
- Work in an Agile environment with rapid application development
- Replicate issues posted by customers and transform them into tickets in Jira
- Own company test process, such as testing framework, test cases, and checklists
- Develop and maintain a UI testing framework

Your profile:

- You have 2+ years of experience with manual testing tools, with a strong focus on Web GUI testing
- Excellent fault finding, debugging and diagnostic skills
- Proven experience designing and implementing test plans and complex test scenarios
- Basic familiarity with JSON, XHR, REST API, Postman, and microservices architecture
- Extremely organised, methodical whilst remaining logical and realistic to achieve targets
- Confident collaborating with technical and non-technical stakeholders whilst taking full ownership of all activities within your scope
- (+) German language skills are a plus
- (+) Experience with automated testing and CI/CD principles
- (+) Some coding experience in JavaScript or similar scripting language
- (+) Fintech or SaaS experience

BENEFITS

We offer you:

- You get a unique opportunity to shape your own path - we truly look for driven individuals and we want you to grow as fast as possible
- You grow together with the company - we plan to eventually expand our QA team and we would need a team lead for that
- You work in a cross-functional environment - got a question? Just ask away without bureaucracy!
- You are part of the core team of young and talented characters at the heart of Berlin

- We provide you with fresh bio fruits, snacks, coffee and beer in our giant kitchen
- We like to cook lunches together (did we mention our kitchen is huge?), play kicker, board games and go to meetups and team events regularly
- We reimburse your BVG-ticket so you can get to and from work free of charge
- We have German classes in the office and also pay for Udemy or similar courses so that you can improve your skills
- As physical activity is essential in staying active and creative, we subsidize your “Urban Sports Club” membership

Does this sound like an interesting challenge to you? If so, we are looking forward to your application!
