

System Engineer (m/f/d)

Permanent employee, Full-time · Berlin-Charlottenburg

ABOUT US

It is a premium online shop for perfume and beauty products in Germany. Since 2011, it offers a great selection of perfumes, skincare products, make-up, organic cosmetics and professional hair care. In addition to a perfect customer service, a high-class website and an intuitive user design, a lot of information on the products makes shopping in the company an emotional and unique experience. The successful E-Commerce company was already honored with many online awards.

YOUR ROLE

- You work in a team of system engineers and operate our IT infrastructure consisting of Windows/Linux/Mac clients, local clusters and cloud services
- You will also independently implement projects and secure the existing infrastructure against cyber attacks
- You are cloud-affine, you always inform yourself about the latest technologies and like to deal with technical issues in a structured way (migration from Watchguard to Cisco Meraki, Local Storage / Local Computing to the Google Cloud / AWS)
- You will also be responsible for installing, configuring and updating the systems, from hardware to operating system and monitoring
- You carry out error analyses and the elimination of technical problems in the event of a malfunction and are also happy to help out away from the monitor
- You want to break new ground together in a team and are not afraid of big challenges that nobody has tried before

REQUIREMENTS

- Completed technical studies or comparable training
- At least one year of professional experience as a system engineer, system administrator or comparable role
- In-depth experience with cloud products (G Suite, Atlassian Cloud) and configuration of networks, WLAN and firewalls (Cisco Meraki)
- Ideally good knowledge of the administration of Microsoft Active Directory
- Points of contact with the use of monitoring tools such as Icinga and NewRelic
- Knowledge of Google Apps Script, Powershell and the administration of Microsoft Azure AD is advantageous
- Strong hands-on mentality
- Very good knowledge of English and good knowledge of German (B2)

WHAT CAN WE OFFER YOU?

- Our employees matter to us: We offer you a permanent contract

- Easy-going workplace: We pay your BVG ticket and we do not have a dress code
- International flair: We support your relocation
